Altéa Administration Customer Management Business Rules

As an administrator, examine how Amadeus helps you to manage set of business rules to automate operational processes so that manual intervention is not needed to optimise Altéa Departure Control - Customer Management (CM) to align with your business goals.

In this course, you will learn:
> How to use markets to create Business Rules.
> What Flight Group Management is.
> What Rule Criteria Weights are.
> What business rules for Customer Management are.
> How to handle Customer Management business rules that are accessed during the flight creation process.
> What some mandatory operational business rules for Customer Management are.

Through a set of interactive e-Learning lessons, learn how to use markets and flight groups to create business rules, how business is impacted Altéa Departure Control - Customer Management (CM).
